PHYSIOTHERAPY **FUN** FOR THE WHOLE FAMILY

Did you know?

BaiMed Kids physios treat everyone from newborns to adolescents.

Babies and children deserve to play and move in the best way that they can. At BaiMed Kids we offer a range of treatments for kids. We work with parents, families and carers using a baby and child centred approach to create and reach physiotherapy goals in a fun and practical way.

Our experienced, kid-friendly physiotherapists can treat newborns with flat spots, those with difficulty turning their head and babies that are slow to reach milestones such as crawling and walking. We can also help children with poor co-ordination, unusual postures and help children develop gross motor skills.

What BaiMed Kids offers

- Physiotherapy advice and management of babies and children including head shape, feet, milestone achievement, walking and chest physiotherapy.
- Easy access, family friendly and stress free environment.
- Passionate, approachable and dedicated staff.
- Support for child care centres, pre-schools and schools.

At BaiMed Kids we are committed to helping babies and children play, move and flourish in a family friendly and fun way.

To find out more or for an appointment please call 42271990.

Most private health funds cover the cost of physiotherapy for children. Check your policy and book today!

The BaiMed logo, featuring the word "BaiMed" in a bold, black, sans-serif font. The "i" in "BaiMed" has a red dot. The logo is positioned above a red, stylized graphic element that looks like a folded piece of paper or a ribbon.
